COMPOSITION AND METHODS OF PROMOTING HAIR GROWTH
ABSTRACT

The present invention provides compositions and methods for
5 promoting hair growth. The methods generally comprise the administration to a
patient of a therapeutically effective amount of the compositions of the present
invention which employ a vasodilator in combination with estradiol and/or a 5- α -
reductase inhibitor in a pharmaceutically acceptable vehicle. The compositions and
methods of the present invention are suitable for the treatment of baldness, in
10 particular, male pattern baldness.
